

Latest Submission Date	Committee Meeting	Defense/Disputation
13. November 2019	20. November 2019	The doctoral candidate is required to arrange a date for the oral defense. Typically, the disputation should not take place earlier than at least 8 weeks after the committee meeting. If, in exceptional cases, the oral defense is to take place less than 8 weeks after the examination commission has been appointed, the doctoral student has to arrange for this with all 5 suggested members of the commission explicitly BEFORE the submission of the dissertation, as this will shorten the regular evaluation period according to §9 (3) of the MIN Faculty's doctoral degree regulations.
12. February 2020	19. February 2020	
6. April 2020	15. April 2020	
10. June 2020	17. June 2020	
12. August 2020	19. August 2020	
14. October 2020	21. October 2020	
9. December 2020	16. December 2020
